

KRISHNA BHARDWAJ

Full Stack Developer

SUMMARY

Passionate Full Stack Developer with skills in Python, React, and JavaScript, focused on building scalable and user-friendly web applications. Experienced in developing responsive frontend interfaces and efficient backend systems to create complete end-to-end solutions. Enthusiastic about learning new technologies, solving real-world problems through code, and contributing to innovative software projects in collaborative environments.

PROJECTS

Virtual Interview Assistance (<https://github.com/Krishna-1665/Final-Year-Project>)

- Developed a Virtual Interview Assistance system featuring an interactive virtual avatar that conducts automated interviews through a web-based platform.
- Implemented response evaluation and scoring mechanisms to analyze technical skills, soft skills, strengths, and career suitability using rule-based and machine learning techniques.
- Integrated personalized career guidance and recommendations, including suitable job roles, required skills, and learning paths to improve interview readiness and career decision-making.

AI-Powered Smart Navigation Stick (<https://github.com/Krishna-1665/Smart-Stick>)

- Built an AI-Based Smart Assistive Stick for visually impaired individuals using Python, Arduino, IoT, and YOLO object detection technology.
- Executed real-time obstacle detection and environmental awareness features to enhance user safety and navigation assistance.
- Included intelligent alert and communication mechanisms to provide accurate guidance and improve independent mobility for visually impaired users.

EDUCATION

Bachelor of Computer Application (BCA)

Aug 2023 – July 2026

Aryabhatta Knowledge University

- Major in Computer Application

Intermediate

May 2020 – April 2022

ECR Senior Secondary School

- Physics, Chemistry, Mathematics

Matriculation

May 2019 – April 2020

Doon Global School

- Standard Mathematics

SKILLS

- **Frontend Development** : HTML , React , JavaScript
- **Backend Development** : Backend Integration , Authentication Basics , Python (Flask)
- **Tools & Platforms** : VS Code , Github , Canva , Vercel , Netlify
- **Other Skills** : Problem Solving , Team Collaboration , Communication Skills , Adaptability , Quick Learning

EXPERIENCE

Helping Hand Charitable Trust (HHFC)

- Completed 30 hours of social work under HHFC by teaching and mentoring students from underprivileged slum areas who lacked access to proper education resources.
- Assisted students in improving their basic academic understanding, communication, and learning confidence through interactive teaching sessions.
- Developed teamwork, leadership, communication, and social responsibility skills while contributing to community education initiatives.
